0:10 ARRIVING

We each take this time to settle into the intention of the meeting by choosing a mindfulness technique to practice for 2 minutes.

We listen to another KF member as they share with us the effort they have made to discover their strength.

experiencing with compassion, and breathe. (30 seconds)

**Purpose: simply consider and notice your feelings*

Awareness without judgement

Allow the situation to rest in your awareness. Give yourself permission to explore your feelings and thoughts as **you consider** , and breathe. (30 seconds)

**Purpose: explore taboo feelings and thoughts safely*

Inquiry, what is my body saying?

Notice how your body feels when you **consider..** , and breathe. (30 seconds)

**Purpose: connect to our bodies and invite our bodies to process with us*

Talk to Jesus

Bring this situation to Jesus. Tell Him how you feel and the stories that surround this situation, and breathe. (30 seconds)

**Purpose: help our bodies and minds connect to the Spirit in the midst of our discomfort*

Heal

We are human creatures living in a material world. When a fear or judgment signals us through the body we can stop and breathe rather than allowing our stories to dictate to us. Breathe and help your body process through a long exhaling breath as you consider..... (30 seconds)

**Purpose: give our bodies and minds a chance to drain negative energy and refresh for a new approach*

consider nurturing yourself

..releasing your claims on others

...interacting without self-generated drama and suffering

consider a time when you felt disconnected and insufficient

consider moving on from your role in your family

1:00 FURTHER INTEGRATION *allot 14 min for integration and sharing

1:14 ENDING PRAYER

Lord, guide me to the next step in strengthening my True Self. May my courage, trustworthiness, and endurance ever increase as I learn to cooperate with You and the Creation, for the sake of Your honor and my glorious mission in this world. Amen.
