KF Strength Training Preparation Guide

PRAYER: *Lord, guide me as I train to take up my power.*

EXPLORATION: *Choose a few questions below, the ones that make sense to you, and then try to regularly journal your observations throughout the month. Share the highlights of what you have learned in our monthly strength training meetings.*

Self-Determination

What did I fear and then do it anyway?

How have I asserted my needs, wants, and feelings rather than adjust to those of others?

What area of expansion was presented to me and what am I doing about it?

Self-Hate

What self-hate have I experienced this month?

What did I do about it?

How did I show compassion for myself?

What have I recognized as positive credit for my own efforts and qualities?

Self-Care

How have I cared for myself physically, emotionally and spiritually?

What needs and wants have I recognized and what am I doing about them?

What areas of interest, play, or relaxation have I explored?

Suffering

How have I actively participated in being a victim this month?

In what ways did I take responsibility to change my situation?

How have I contributed to a more positive outcome for myself and others?

ACTION PLAN: *What would I like to explore or try this next month?*
