

KF1 Meeting Questions

Facilitator Tip: It is important in these early lessons to present a meeting that feels gentle but confident and capable. Use the Facilitator Aid to plan your meeting. Assign the lesson readings to confident, capable, and comfortable veteran readers. If there are not enough strong readers in the meeting, assign two readings or all of the readings to the veteran readers. In a month or so, when new members feel comfortable, you can invite less skilled or less confident members to read.

Ask whichever questions are of interest to you. After someone responds to a question, you can ask the group if anyone else feels the same or has had a similar experience.

Mindfulness and Meditation

- How has KF helped you to listen to your body?
- Can anyone share a time when the 3-Minute Breathing Space has helped you?
- What body sensations did you notice during this mindfulness practice?
- Can you think of a habit to which you might attach the 3-Minute Breathing Space?

Toolbox

- Which of the signs or flags from the lists of misorientation do you recognize in your own life?
- Which of these signs or flags are no longer operating since you began KF training?

Sharing

(You can ask any of the questions from the Toolbox or Meditation sections)

- Are there any questions about KF or your work in KF?
- What do you find most beneficial about the Sharing time? What does the Sharing time do for you?
- What do you gain from filling out the Meeting Preparation Guide?
- Our neurotic tendency is to believe that if we know something intellectually, we have changed our lives. Would anyone share how they have moved from simple knowledge to actual change?

Bible Teaching

- What do you think about the idea that each of us has a glory to demonstrate in this world?
- What does glory mean to you?
- How have your ideas about glory changed since you have been in KF?
- What do you think it means to subdue the earth?
- Why do you think God chose to make it very clear that He created humans to be male or female?

Integration

(You can ask any of the questions from the previous sections)

- Was anyone able to identify an aspect of their created design? What did you learn?
- Would any veteran member like to share how their reactions to this integration focus have changed since being in KF training?

End of Meeting

- Would any KF member be willing to share their experience of returning every year to the training?
