

KF12 Meeting Questions

Facilitator Tip: When introducing the Sharing time, invite all members to participate, even if they have not filled out an MPG. Encourage the group to use their 5 minutes of sharing time to update the other members on what is going on in their lives. They can use the MPG template to give structure to their sharing, but (especially if they are new members) they can just share what is on their minds.

Try not to force the sharing. If you call out names, or put pressure on a member to share, you make the sharing time stressful. People who choose not to share have reasons for their reticence. They may feel safer staying in the background, or perhaps they hate the sharing time and disappear during that period! If you go looking for them, they may feel pressured and unsafe.

If some members are not sharing, encourage the whole group to share with something like this: “It’s OK to just share what is going on in your life even if you don’t have a Meeting Prep Guide filled out. You can use the guide as a prompt. It’s your 5 minutes and we are here to listen! Would anyone like to give it a try?”

Then wait 15 seconds. If no one responds, begin asking some of the questions below.

Ask whichever questions are of interest to you. After someone responds to a question, you can ask the group if anyone else feels the same or has had a similar experience.
