

KF13 Meeting Questions

Facilitator Tip: Start the recording and meeting on the hour. If you wait for a minute or two before beginning, you will lose a minute or two of discussion time after Meditation and Mindfulness or Toolbox. Those discussion times are important, and we want to protect them.

If the meeting is running fast, go ahead and follow the group's timing. You may start the next section early if the group is not responding to your questions. You will then have more time for discussion later on. Serve the group by trying to sense the flow or fatigue rather than rigidly adhering to the time stamps.

Ask whichever questions are of interest to you. After someone responds to a question, you can ask the group if anyone else feels the same or has had a similar experience.

Mindfulness and Meditation

- What area of your life did you choose for your SALT Process?
- How do you feel about thanking your fear because it motivates you to grow?
- How can fear help you explore the quality of your faith?
- What fears, that were so compelling in the past, are now calmer and defused?

Toolbox

- In what areas do you fear messing up or missing out, and how are you dealing with it?
- In what way do you go into auto- or Idiot-pilot when you feel fear?
- What reactions or symptoms let you know that you've said "yes" to fear?
- What situations in your life are helping you learn to trust?

Sharing

(You can ask any of the questions from the Toolbox or Meditation sections)

- How has your understanding of giving and serving changed since you joined KF?
- Have you hit the confusion, apathy, or rage stage of KF? We sometimes call this stage the "Karis Quagmire".
- Would someone like to share their experience of the "Karis Quagmire"?

Bible Teaching

- At what stage of growth do you think a flower is perfect?
- How do you feel about the stage of development that you are in now?
- In what area of your life could you choose the logos?

Integration

(You can ask any of the questions from the previous sections)

- In what area of your life do you need more training to do it God's way?
- What helps you identify the shoulds, claims, or taboos of your legal systems?
- What area of the logos might you explore?
