

KF41 Meeting Questions

Facilitator Tip: For the Mega-Meetings we need very strong, competent facilitators. It can feel overwhelming and even terrifying to listen to all the dinging as people call in. You must have demonstrated confident leadership in the regular meetings to be invited to manage the Mega-Meeting. To protect all of us from unnecessary pain or humiliation we have asked a few confident and capable members to facilitate and read in these two Mega-Meetings. This is not a time for training, but for survival!

For **Alternate Nostril Breathing**, be sure to read the instructions rather quickly so that everyone can follow along without gasping for breath! Readers might practice reading and correlating the finger movement before offering the instruction to the group.

Ask whichever questions are of interest to you. After someone responds to a question, you can ask the group if anyone else feels the same or has experienced something similar.
