

KF49 Meeting Questions

Facilitator Tip: The questions below can help the group discuss the lesson, but you need not follow these questions exclusively. If a member brings up a theme or an idea that seems to apply to everyone, you can always follow that theme by asking questions like, “Has anyone else experienced that?” or “Does anyone else feel that way.” The group often knows what it needs to talk about, and you can facilitate that by listening to their comments and then using what is shared as a springboard.

Be sure to clearly pronounce *eco*-system and *ego*-system.

Ask whichever questions are of interest to you. After someone responds to a question, you might ask the group if anyone feels the same or has experienced something similar.
