

KF6 Meeting Questions

Facilitator Tip: If it seems to you that a member's equipment isn't comfortably conveying their voices during the presenting time, do not ask them to read. Their connection or equipment may be faulty. Ask the group if anyone else is having trouble hearing the member in order to check the function of your own equipment. Your reception may be the problem. If your or another's connection is not clear, try hanging up and calling back in.

Ask whichever questions are of interest to you. After someone responds to a question, you can ask the group if anyone else feels the same or has had a similar experience.
