

KF23 Meeting Questions

Facilitator Tip: Your job as facilitator is to guide and to help train the group so that they are able to walk through the meetings on their own. As facilitator, you help keep the group on schedule, provide boundaries for those who need them using the KF Guidelines and Limitations, and help the group process what they have learned by asking questions. Try not to assign yourself readings. It might be easier to default to reading the lessons yourself, but if you do everything yourself, others cannot discover how they can contribute to the group.

Ask whichever questions are of interest to you. After someone responds to a question, you can ask the group if anyone else feels the same or has had a similar experience.
