

KF35 Meeting Questions

Facilitator Tip: Your goal as facilitator is to help the members of the group become independent of your guidance. You might even explain what the facilitator does and encourage them to run the meeting themselves with minimal guidance on your part. Help them understand that their contribution and initiative are essential for the meeting to be effective. Gently invite and allow the group to participate and gain confidence by contributing.

Ask whichever questions are of interest to you. After someone responds to a question, you can ask the group if anyone else feels the same or has had a similar experience.
