

KF11 Meeting Questions

Facilitator Tip: Wait for 10-15 seconds after you ask a question. We all need training to be comfortable with silence. By waiting we can learn to endure silence and we also invite the group to take the initiative by sharing their thoughts. In the silence, prepare your own answer to a question to help start group discussion.

Ask whichever questions are of interest to you. After someone responds to a question, you can ask the group if anyone else feels the same or has had a similar experience.
