

KF46 Meeting Questions

Facilitator Tip: Wait for 10 or 15 seconds between discussion questions. Try not to be afraid of the silence. If the group is not responding to the questions, go ahead to the next item on the schedule even if you are ahead of the time. The inner wisdom of the group might be allowing more time for discussion later in the meeting.

Ask whichever questions are of interest to you. After someone responds to a question, you can ask the group if anyone else feels the same or has had a similar experience
